

Electronic Prescribing Application for Physicians Sponsored by Huntington Memorial Hospital

Ensuring patient safety, providing quality healthcare, and supporting our medical staff are fundamental priorities at Huntington Memorial Hospital. To that end, we are announcing the offering of a web-based, electronic prescribing solution, HuntingtonRx, available March 2010.

What is HuntingtonRx?

- A stand-alone, internet based **e-Prescribing application** offered by Huntington Hospital
- **No charge** to eligible providers on Huntington Hospital's Medical Staff

Why ePrescribe?

- **Enhanced Patient Safety:**
 - View external prescription history
 - Avoid harmful drug interactions
 - Eliminate medication errors caused by illegible handwriting
- **Increased Practice Efficiency**
 - Instant access to many health plan formularies:
 - Information available about coverage and generic alternatives
 - Lower out-of-pocket costs for the patient, reduced patient calls
- Eliminate most pharmacy calls and faxes
- Qualify for **Medicare Electronic Prescribing Incentive Payments Now** (2010)

How to Get More Information or Register for Huntington Rx

- Contact Rebecca Armato, Executive Director of Physician and Interoperability Services at (626) 397-5090 or email Rebecca.Armato@huntingtonhospital.com
