

Annual Review 2014: TB Tests/Flu Shots & Annual Update Meetings

- **TB Test** – Required of every volunteer who started prior to August 2014. If you have tested positive in the past, you still must complete a signs and symptoms review form.
- **TB Test Results/Readings** – The result of TB tests given in the Volunteer Department will be read 48–72 hours later in the Volunteer Department during the hours shown below. The result of TB tests given at the Huntington Collection will be read 48-72 hours later at the Huntington Collection between 12–1pm, except Thursday, November 6th, they will be read just before/after the Annual Update Meeting. Tests given that week can also be read in the Volunteer Department during the hours shown below.
- **Seasonal Flu Shot** – Available only when TB test is given.
- **Annual Update Meeting or Online Annual Update module** – Required of volunteers who started before January 2014.
